

NETWORK OF PROFESSIONAL AMALGAMA7 PARTNERS

Amalgama7 is a private and concerted entity with the Public Administration that, since 1997, cares for **teenagers** and **young people** with risk behaviors, behavior disorders and / or dual pathology, and their **families**. Amalgama7 has a **therapeutic and educative model** of its **own** which for its results is among the best European healthcare networks, and consists of a comprehensive care based on the interaction of six areas: **clinical** area, **academic** area, **socio-educative** area, attention to **families**, **legal** and **socio-occupational** area.

The therapeutic and educative school: a comprehensive and effective innovative response

In Amalgama7, and in the course of the last 20 years, we have developed, among others, its own specialized network of ambulatory care centers, in Barcelona and Madrid, and residential, promoting a new specialized device for adolescents and young people with behaviors of risk, behavioral disorders or dual pathology: the **Therapeutic and educative School**. An innovative space that offers the resident, in addition, a clinical, academic and, in a socio-educational sense, a house of colonies. Likewise, specific attention is offered to families during the therapeutic process of the resident child.

Network of healthcare centres and therapeutic and educative schools
